

CHESTER CYCLING CAMPAIGN

Cycling is healthy, cheap, fast, and clean. It could be a key part of solving our transport problems and ensuring the prosperity of Chester. We know that people want to use their bikes more but current conditions put people off. Chester Cycling Campaign is pushing for a better, greener city by making cycling a safe and attractive transport option.

We support the Government's aim to quadruple bike use by 2012, and are working to maximise the benefits of Chester's Cycle Demonstration Town status for the local cycling community. We are campaigning for:

- 100 kms of cycle routes around the city
- 20 mph speed limits on residential streets
- safe routes to schools
- better city centre access
- two-way cycle flows on one-way streets
- free carriage of bikes on trains
- better bike parking facilities
