Walking keeps you fit and healthy and you’ll arrive at your destination feeling fresh and alert. The easiest way to walk more is to make it a habit, so why not make walking to work or strolling to the shops your daily routine?

You can also try walking around the Chester City Walls, a route of around 2 miles which could take less than an hour providing you with excellent views of the City!

Take a stroll along the River Dee and the Meadows, which is the piece of land surrounding both sides of the River Dee. This is a lovely walk, which would suit most levels of ability and ends in a view of Chester, from boats to wildlife, to the people who get their enjoyment or livelihood from it. Along the route you can view the Groves, the Old Dee Bridge, Queens Park Suspension Footbridges, the weir, Queens Park, and the Chester Sailing Club.

The Chester Racecourse suggested walking route is just over a mile long giving you a good view of the Racecourse, said to be Britain’s first! The course occupies an area called the Ros现代农业, once a tidal pool, but filled up by medieval times.
