Deeside Industrial Park is easily accessible by bus from the surrounding areas.

For those who commute from West Cheshire or North Wales to work in Deeside Industrial Park why not try the Deeside Shuttle Bus Service S57/59. This is a regular bus service running between Ellesmere Port and Deeside with buses running every hour and stopping at industrial zones one and three. For further information and registration go to www.traveline/cheshirewest.

For more information on general bus services visit www.traveline.info.

Walking keeps you fit and healthy, and you’ll arrive at your destination feeling fresh and alert. The easiest way to walk more is to make it a habit, so why not make walking to work or taking a leisurely stroll part of your daily routine?

We’ve included a suggested walking route for lunch or leisure, and the town of Shotton is easily reachable for services and amenities.

BY BIKE
Cycling could make your journey much cheaper, quicker, healthier, and more enjoyable. You will avoid traffic, burn calories and arrive at your destination feeling revitalized!

Deeside Industrial Park can be accessed using the Greenway cycling from Mickle Trafford or the River Dee from Chester. There is also a route from Neston to Deeside which features wheelchair friendly access across the Dee Marshes.

INTERESTING FACTS
≈60% of all CO₂ emissions from road transport in the UK are produced by passenger cars (compared to just 5% from buses).
99 calories
are burned by a 65kg person in 30 minutes, walking 5mph.
(© Wood et al., Department of Health 2006)

440 calories
are burned by a 75kg (about 11 stones) person by walking 10,000 steps briskly at 3.5mph.
(© Wood et al., Department of Health 2006)

>650 calories
are burned by an 80kg (about 12 stones) person during an hour’s cycling.
