Dear

I cycled to your business, but when I arrived found there was no adequate cycle parking, causing inconvenience and increasing the risk of my bike being stolen. Would you consider providing some? West Cheshire and Chester Council are keen to increase cycle parking in the city, and have some funds available to assist retailers. A simple Sheffield loop-type stand costs only £40 plus fitting. Cycling is an ideal form of transport for short trips, provided there is somewhere to park.

For further information about assistance for cycle parking, please contact the main switchboard of West Cheshire and Chester Council:

Telephone: 0300 123 8 123.

Yours sincerely,
